

Teleinvest, a specialist in automatic trading systems for securities dealers, announced the signing of new contracts with 2 clients.

ABN-AMRO (Switzerland) uses the Teleinvest platform PREDATOR – The Fatal Weapon – for its bond trading and plans to extend its use for market making where it is among the top 3 in the Swiss market.

Bayerische Hypo- und Vereinsbank, Zurich branch, has signed a new license for PREDATOR, exclusively used in fixed income, a specialist activity within the international UniCredit Group. After several years of experience with PREDATOR, ABN-AMRO and BHV decided to go with Teleinvest for the change of architecture at SWX.
